# STEP FORWARD MICHIGAN CAN HELP YOU AVOID FORECLOSURE

It's easy to fall behind on mortgage or property tax payments. A costly hospital stay, a few months of unemployment or other unexpected events can let payments get away from you. Step Forward Michigan is here to help. We've assisted thousands of Michigan homeowners with loans to get them caught up on payments so they can keep their homes.

To qualify, you must have experienced an unexpected hardship that put you behind on payments, and have enough income to handle future payments after you're caught up.
